SURFACE TRANSPORTATION BOARD'S

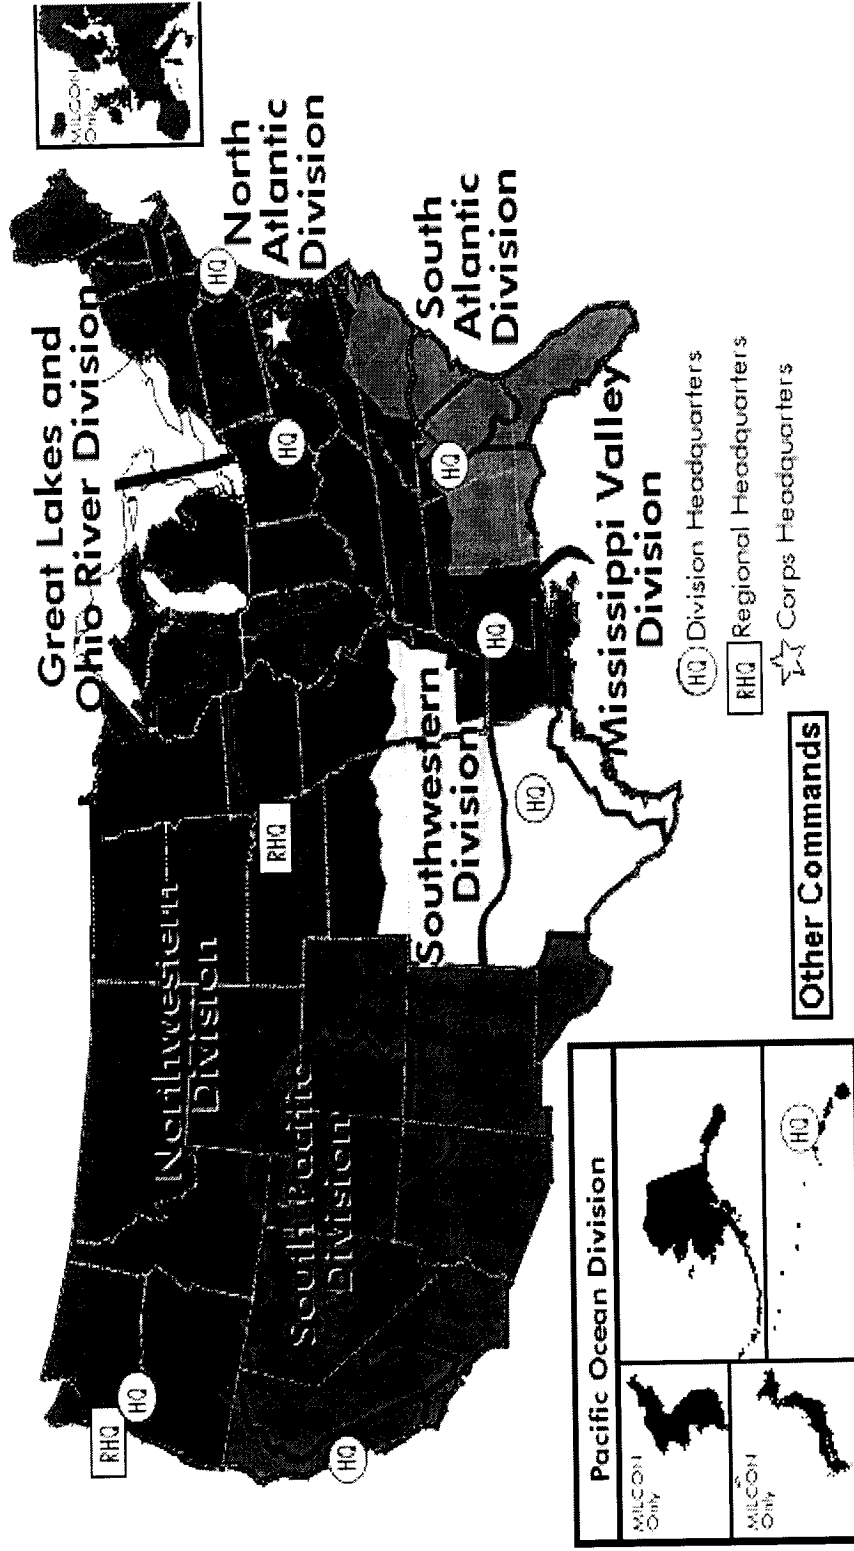

ENVIRONMENTAL CONTACT LIST

The Environmental Contact List is intended to assist applicants and their representatives in complying with the reporting requirements of the Surface Transportation Board's environmental rules at 49 CFR part 1105. These environmental rules set out the procedures for ensuring that the environmental review process for Board actions comply with the National Environmental Policy Act and other environmental statutes.

The contact list includes the names and addresses of the various Federal and State agencies that should be consulted regarding the Board's environmental review process. This list also includes the various locations of Earth Science Information Centers where appropriate geological maps may be obtained. The information in this document is current as of April 2001.

In order to ensure that any errors are corrected and the list is kept up to date, please report any changes or corrections to Ms. Rini Ghosh at (202) 565-1539, Section of Environmental Analysis, Surface Transportation Board, Washington, DC 20423.
